

The background of the entire page is a photograph of several large, stacked logs of wood. The logs are cut into sections, showing their natural grain and texture. In the center of the stack, a small, vibrant green plant with needle-like leaves is growing out of the crevice between the logs. The lighting is warm, highlighting the golden-brown tones of the wood.

Primary Care Consultants, LLC.  
First Aid, CPR and AED for the Logging Professional
