Our Mission

It is the mission of the Certified Logging Professional program to provide the best possible training and education for people involved in the Maine logging industry. Our program will evolve to reflect changes in the forest products industry and will provide a means for continued professional growth.

CLP Facts

- Over 5600 loggers and stakeholders have participated in 19 years.
- Graduates are certified in 1st Aid and CPR
- Mechanical CLPs pay up to 39% less for Workers' Compensation.
- CLPs are marketed to Maine landowners through a listing on our website. (www.clploggers.com)

Fall 2010 Mechanical & Conventional Certification Class Schedule & Registration Form

CLP is a program of the
Maine TREE Foundation

Recert Requirements

To maintain your CLP certification you must recertify the year following your initial certification training, and every two years thereafter. For example: Those who received initial certification training in 2009 must recertify in 2010, and again in 2012. Certification remains valid through December 31st of the year in which it expires.

To recertify you must meet the following requirements:

1. **TRAINING** – You must complete recert training. Requirements are as follows:

- **Conventional CLPs** have a choice of attending a CLP Program review or a Level II, III or IV felling workshop.
- **Mechanical CLPs** must attend a day long workshop geared toward the mechanical logger.
- **Contractor/Supervisor CLPs** must attend a day long CLP sponsored workshop or an approved workshop. You will only be required to attend the Jobsite Evaluation workshop once.
- **Associate CLPs** can fulfill their training requirements by attending any workshop listed in this brochure. Several outside workshops have also been approved for recertification and are listed on the CLP website (www.clploggers.com). Call the office for approval of workshops not listed that you wish to attend. The cost of outside workshops does not offset the \$150 CLP recert fee.

2. **INSPECTION** – CLPs must pass a recert field inspection to retain certification. **It is the responsibility of each CLP to contact the office and request an inspection.** CLP reserves the right to conduct random inspections for any certified member.

3. **FIRST AID SKILLS** – CLPs will be expected to maintain First Aid and CPR skills.

Fall Schedules.

*If you have missed any required re-
certification training in the past, you
must make it up by attending an
equivalent amount of CLP sponsored
or approved training in order to re-
gain your certification.*

Fall 2010 Recertification

One day recertification classes are held in the spring and fall. Class locations and dates may change based on registration. Additional training locations are available if a minimum of participants are met.

Certification for those who recertify in 2010 remain valid until December 31, 2012.

All candidates for recertification will receive information regarding exact dates, times, and locations prior to the start of the class. **It is very important to pre register!**

Classes normally run from 8:00am to 4pm. Lunch is not included.

Recertification Tuition

The tuition (\$150) and the registration form must be received by CLP before the training day. Payment in advance or on the day of the class is required. No one will be admitted into the class without payment. Class size is limited, so register early to guarantee your spot at the location of your choice.

Mail your registration and payment to:
CLP

P.O. Box 557
Jackman, Maine 04945
